

# STUDENT BLOGGING CHALLENGE

## WEEKLY STEPS

**1 READ** Explore the weekly topic posted on <https://studentchallenge.edublogs.org>

*If you've signed up to our mailing list, you'll get an email about the weekly topic and tasks every Sunday.*

---

**2 TASK** Choose one or more tasks you'd like to work on. If you have a class blog, teachers and/or students can publish their task as a post on the class blog. For student bloggers, you'll publish your task response as a post on your blog.

*You don't have to complete all tasks and can adapt as needed.*

---

**3 FORM** Enter the URL of your post in the form on the STUBC post if you want commenters to visit.

*Copy and paste your **post** URL to get it correct. Don't include /wp-admin or /preview at the end of the URL.*

**4 COMMENT** Visit another participant's blog. Leave a comment and strike up a conversation.

*You'll find the links to everyone's weekly posts on the sidebar of the challenge blog.*
